

HCPS – Primary School Sport Premium Funding - Outcomes

Year	2015/16
Target	Primary school sport premium funding is used to increase levels of participation in high quality provisioned sport, and for this to impact upon the school environment.

HCPS aims to make effective use of the Primary School Sport Premium funding to improve the quality of sports provision throughout the whole school. When considering how to spend these funds HCPS has taken into account where best this funding will provide a tool to impact upon wider improvements for the school, such as increasing the already high levels of attendance, behaviour and achievement (in all school aspects not just sport). In order to make the most sustainable impact for the schools future it is seen to be most sensible to invest the majority of funding in developing the skills and qualifications of the whole schools staff to provide high quality sport and PE.
