

Sport Premium Overview

Hoyland Common Primary School's Vision Statement:

At Hoyland Common Primary School we believe PE & Sport plays an important role in making our vision statement a reality for every pupil, with the potential to change young people's lives for the better.

We have welcomed the Government's announcement in June 2013 to provide additional funding to improve provision of physical education (PE) and sport in primary schools. We are committed to using this resource in developing high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people.

Sport Premium Grant

Funding for schools will be calculated by the number of primary aged pupils (between the ages of 5 and 11) as at the annual census in January 2013. All schools with 17 or more primary aged pupils will receive a lump sum of £8,000 plus a premium of £5 per pupil. Smaller schools will receive £500 per pupil.

Spending plan for 2016-17

The Spending Plan objective is to improve the provision of P.E and sport to benefit all children who are part of the school. HCPS have taken into account of the following factors and have used the legacy funding as such;

- The increase in participation rates in such activities as games, dance, gymnastics and athletics.
- The increase and success in competitive school sports.
- How much more inclusive the physical education curriculum has become.
- The growth in the range of provisional and alternative sporting activities.
- The improvement in partnership work on physical education with other schools and local partners.
- Links with other subjects that contribute to pupil's overall achievement and their greater social, spiritual, moral and cultural skills.

- The greater awareness amongst pupils about the dangers of obesity, smoking and other such activities that undermine pupils' health.
