The more that you read, the more things you will know. The more you learn, the more places you'll go.— Dr. Seuss,

Please support us in raising the importance of sharing books and reading at home. Please keep reading with your child at home, it really does make a difference to their reading skills and general achievement. It is helpful if you read the book from school but also sharing stories and library books.

HCPS EYFS Vision

We welcome children, families and the community.

Together we provide a wealth of first experiences to interest, engage & challenge our children. Supported by positive relationships we will develop confident and independent learners.

General Reminders...

Weekly contributions towards snack are appreciated. Please ensure that your child has a coat, book bag and wellies each day.

Attendance is rewarded across school please help us reach our attendance targets by coming to school on time every day. Please do not hesitate to come in and talk with us and ask questions if you have any.

Learning Journeys...

Thank you very much to the parents and carers who have engaged with Early Essence, it is a great opportunity for you to share your child's learning at school. We also value your contributions and comments. If you have any problems accessing Early Essence or need some help or support, please let us know.

We will be finding out about transport of all types!

We have a visit from stagecoach to find out about buses and we will be travelling on our own journey around the local area using public transport.

We are taking part in a 'mini makers' technology project which we will share with parents so we can all get involved!

TOPIC On the move

Maths :

We will be continuing with addition and subtraction, using real contexts including money. We will look at data handling including graphs and tallies. We will also investigate ordinal numbers.

We will read some fiction and non fiction texts, this will lead onto our own non fiction writing and story telling. We will look at story characters and develop our own. We will add labels to pictures for information and write our own lists

Thank you for your continued support –

EYFS Team ☺
