Mathematics: Planning & Assessment Y1			
Statements	7	14	22, including all bold KPIs
Attainment	Year 1 Emerging	Year 1 Developing	Year 1 Secure
For statements to be completely embedded they should be demonstrated in a range of contexts and subject areas as possible. Ensure you have identified and dated where children have achieved each statement in the boxes below.			

Y1 Maths- 30 statements and 12KPIs		Date when statement has been achieved.		
Number & Place Value	Count to and across 100, forwards and backwards, beginning with 0 or 1, or from any given number.			
	Count, read and write numbers to 100 in numerals; count in multiples of twos, fives and tens.			
	Given a number, identify one more and one less.			
	Identify and represent numbers using objects and pictorial representations including the number line, and use the language of: equal to, more than, less than (fewer), most, least.			
	Read and write numbers from 1 to 20 in numerals and words.			
Addition & Subtraction	Read, write and interpret mathematical statements involving addition (+), subtraction (-) and equals (=) signs.			
	Represent and use number bonds and related subtraction facts within 20.			
	Add and subtract one-digit and two-digit numbers to 20 including zero.			
	Solve one step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as $7 = ? - 9$.			
Multiplication & Division	Solve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.			
Fractions	Recognise, find and name a half as one of two equal parts of an object, shape or quantity.			
	Recognise, find and name a quarter as one of four equal parts of an object, shape or quantity.			
Measurement	<i>Compare, describe and solve practical problems for:</i>			
	Lengths and heights [for example, long/short, longer/shorter, tall/short, double/half];			
	Mass/weight[for example, heavy/light, heavier than, lighter than];			
	Capacity and volume[for example, full/empty, more than, less than, half, half full, quarter];			
	Time[for example, quicker, slower, earlier, later].			
	Recognise and use language relating to dates, including days of the week, weeks, months and years.			
	Tell the time to the hour and half past the hour and draw the hands on a clock face to show these times.			

Geometry: Properties of shapes	Measure and begin to record the following:			
	Lengths and heights;			
	Mass/weight;			
	Capacity and volume;			
	Time (hours, minutes, seconds).			
	Sequence events in chronological order using language [for example, before and after, next, first, today, yesterday, tomorrow, morning, afternoon and evening].			
Geometry: Position & Direction	<i>Recognise and name common 2-D and 3-D shapes, including:</i>			
	2-D shapes [for example rectangles (including squares) circles and triangles].			
	3-D shapes [for example, cuboids, (including cubes, pyramids and spheres)].			
Statistics	Describe position, direction and movement, including whole, half, quarter and three quarter turns.
